April 2021

See it local on PTCI's YouTube Channel

PTCI's YouTube Channel is alive and busier than ever! With a flurry of playoff basketball that was streamed in February and March, you can fill your queue with nonstop hoop action. There are plenty of other games to look back on and watch after a full slate of high school football, softball, volleyball, soccer, and baseball. And if you prefer college athletics, check out our coverage of Oklahoma Panhandle State University Aggies in their quest to win in the Sooner Athletic Conference.

Coming this spring will be the Guymon Elementary re-enactment of the Oklahoma Land Run and the Guymon Pioneer Days Parade. We'll also head out to other spots in PTCI's coverage areas in Oklahoma and Texas to help celebrate other great heritage events.

If you need a refresher course on streaming TV or other technology, check out our how-to videos as well.

To stay updated on PTCI's YouTube Channel, be sure to subscribe.

GIG-CAPABLE PROVIDER

Annual meeting coming up April 15

Invitations to the 67th Drive-thru Annual Meeting were recently mailed to members of the cooperative.

We look forward to seeing you at this year's meeting!

District meeting roundup

Congratulations to Robert Thrash on his retirement from the PTCI Board of Directors after 50 years of service. Mr. Thrash has been an amazing representative for the members of his district. Alan Shields was elected to represent the Felt, Boise City, and Kenton exchanges in District 8. Larry January was re-elected in District 2 to represent the Guymon exchange. Earl Wells was re-elected in District 9 to represent Logan and Laverne exchanges, and Milton Headrick was reappointed in District 7 to represent the Turpin and Tyrone exchanges.

National Do Not Call Registry

Telemarketing is more prevalent now than ever, causing more than 240 million consumers to put their phone numbers on the National Do Not Call Registry. If you're among them, you may have noticed that your registration only affected certain types of callers.

That's because the Federal Trade Commission and the Federal Communications Commission, who administer the National Do Not Call Registry, have limited jurisdiction. As a result, the following groups can still contact you:

- Political groups.
- Charitable organizations.
- Phone surveyors, when their sole purpose is to conduct a survey.
- Companies with whom you have a business relationship — this includes anyone from whom you've made purchases; they can call you for up to 18 months after your last purchase.
- Those who have received written permission from you.

For additional details or to register your phone numbers (including both home and cell phone numbers), visit www.donotcall.gov. Most telemarketing calls should stop within 31 days of your registration.

Reliable hometown internet service

Every internet provider tries to influence potential customers by flaunting their "amazing, cutting-edge, and blazing fast" internet speeds. Fast speeds are great, and PTCL has the fastest internet in the area, but we also understand that speed is only part of a good internet experience. Reliability is an equally important factor that many companies don't mention.

With PTCL, you can be assured our equipment is high quality, and we're committed to providing our customers with an excellent internet experience. We're the only internet provider in the area with a local office, and because we are truly local, money spent with PTCL remains in our communities.

PTCL is a cooperative, which means its members own it. Members consist of those who have telephone and internet service through PTCL. Our employees are often your neighbors, relatives, and friends. We care about this community because it's our community, too.

PTCL is proud to provide reliable, fast internet service in our local communities. High-speed internet promotes growth and opportunity for small businesses, better education for our youth, and a greater quality of life for everyone.

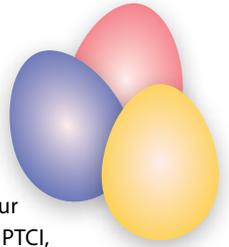

If you're interested in improving your internet experience via a speed upgrade or new service, call 580-338-2556, or visit one of our local stores, and one of our friendly experts will assist you.

Honor roll students receive t-shirts from PTCI

High School and Junior High School Honor Roll students from across the panhandle show off their new, free t-shirts from PTCI. Students in grades 7 through 12 in PTCI's service area, who made their schools' honor rolls, received custom-made t-shirts. PTCI rewards students who make good grades with school-themed shirts. Congratulations to our area's hard-working students!

Word search for Easter

To be qualified for a drawing for a \$20 credit toward your PTCI services, mail your completed puzzle to: PTCI, Attn: Puzzle, PO Box 1188, Guymon, OK 73942, or drop it into the envelope with your monthly payment.

Benefits of Whole Home WiFi & TechShield

PTCI's Whole Home WiFi provides many benefits that regular WiFi users don't have. It's designed to create an individualized premium wireless network for our customers. Unlike routers bought at retail stores, PTCI's equipment is installed by experts who will help you create the best wireless network for your specific home. Benefits include:

- No more issues with your devices losing their WiFi connection in your home.
- PTCI's experts will set up your WiFi network based on your home's specific needs including size, construction, and user preferences.
- WiFi extenders are available for larger homes or metal homes.
- PTCI will maintain your Whole Home WiFi router to ensure your experience is worry-free.
- PTCI will keep your WiFi equipment up to date with the latest firmware updates to ensure the best speed possible.
- Streaming will be seamless with a great network connection.
- Gamers won't have to contend with frustrating WiFi-based lag.
- No dead zones.
